Thanks. Those are helpful.

I propose the aerial from the first photo be used to delineate the exclusion zone for Attachment A of the site control agreement.

Albert,

Attached are 3 exports from our GeoPlatform GIS program. These are a bit rough and definitely draft. They will be cleaned up for the final report. Let me know if this meets your immediate needs in the short term.

Thanks,

Stephen,

The US Ecology map shows all the zones.

The Mag Drums shows the mag drums as well as the Fort Floor 3 drums.

The Pit drums shows all the drums that were staged to the west near the admin buildings.

Let me know if this works.
